## DRY- SCENTED - POWDER TISSUE / TOWEL

scatter dry powder (natural substances without additives) over a dry towel  
fold and/or compress

.....  
dry towel + dry powder substance = "powdered towel"  
pure water over the "powdered towel"  
the powder will dissolve and will be blend into the towel  
as a result you have a "dry-scented-towel"

**PATENTS PENDING**  
**AUGUST 27TH. 2008**

Do the fact both the towel and the powder are dry – NO additives are needed –  
so consequently the towel is pure without additives and biodegradable.  
A natural product, no skin irritation .. for all skin types.
